## RACE FOR MUKDEN

Kuropatkin is Retreating on Mukden

HIS WHOLE ARMY MAY BE  
SURROUNDED

Russians Lose Disastrously. Kuro

patkin Leaves 200 Guns Behind

Him and his Rear Guard has  
Been Annihilated

### KUROPATKIN IN FULL RETREAT.

St. Petersburg, Sept. 3rd.—A report has just been received at St. Petersburg that General Kuropatkin is in full retreat. The war office admits that such a rumor has been received from the seat of the war, but declares that it is not official.

Tokio, Sept. 3rd.—The following dispatch has been received here: "Headquarters of the Manchurian army, Sept. 3, 9 a.m. The remainder of the defence Russians are making a stand outside the walls of Liao Yang. Our left and centre columns are attacking them."

### Russians Lose Guns

Mukden, Sept. 2nd.—Delayed.—After six days' battle on the third of which the heaviest fighting occurred, the Japs on Wednesday last abandoned their last attack on Liao Yang in an outflanking movement. The Russian artillery fire was greatly aided by the setting up of balloons south-east of Liao Yang, thus totaling the Japs' batteries. The Russians were compelled to abandon a number of guns, being unable to remove them through the mud.

### JAPS MAKING GOOD PROGRESS.

Tokio, Sept. 2nd.—It is expected that the main strength of General Marshal Oyama's forces to the south-east will succeed this morning in crossing the Taizho river. General Kuroki yesterday captured a portion of the heights commanding Veigintai and it is hoped that he will dominate the railroad today. The Russians appear to be gathering at Yantai Colliery north-east of Liao Yang.

St. Petersburg, Sept. 6th.—It is reported at a late hour that the main Russian army is in imminent danger of being surrounded.

Mukden, Sept. 5th.—Preparations for the evacuation of Mukden are proceeding. The Japanese advance is within thirty miles.

St. Petersburg, Sept. 6th.—A dispatch from Gen. Kuropatkin, forwarded yesterday evening indicates that Kuropatkin's army and Gen. Kuroki's army are racing for Mukden and the result is in doubt.

St. Petersburg, Sept. 6th.—It is reported here but not yet confirmed that Gen. Kuropatkin was obliged to abandon two hundred guns at Liao Yang. Some of them it is added were damaged in the flight, and the rest were disabled by order of the Russian commander in chief.

St. Petersburg, Sept. 6th.—It is officially stated that the United Russian forces are now north of Mukden. The Japanese except a detachment left at that place to cover the retreat. The Japs swarmed across the Taizho river near its mouth with the result that the bulk of the Japanese force is marching directly on Mukden.

St. Petersburg, Sept. 6th.—Field Marshal Oyama's whole army is across the Taizho river and is pursuing Gen. Kuropatkin's forces.

St. Petersburg, Sept. 6th.—The report that the Emperor will go to the front is again revived, and seems to have some foundation. It is known that the Emperor has been fitted out for a long journey.

St. Petersburg, Sept. 6th.—The Russian losses during the fighting at Liao Yang are estimated at 15,000.

## IMPERIAL BANK

### THE PIONEER IN BANKING AT EDMONTON

#### Thirteen Years of Unbroken Success

Monday was the thirteenth anniversary of the establishment of the Imperial Bank in Edmonton. Banking is not a producing industry and there are times and occasions when the struggling business man is apt to consider banks not an unmixed blessing. But they are a necessity of modern commerce and as the establishment of a branch of a chartered bank in any Canadian town gives that town a standing of importance in the business world, so the increase of the number of its banks, and of the business they do, is universally accepted as the measure of its progress and success. An estimate of the business of a town or city may be as wide of the mark as a farmer's estimate of his crop. The final test of a city's business is the money passing through its banking houses.

The Imperial was the first bank to come to Edmonton and it came under circumstances that were especially worthy of note. The Calgary & Edmonton railway had just been completed to Strathcona. The completion of the railway was no doubt the reason for the establishment of the bank. But the expectation of the railway was that the small amount of business then centring at Edmonton, would shortly, under the influence of the railway be transferred to the new town at the terminus. Edmonton was on the opposite side of the Saskatchewan and of the river valley as well. A ferry was the only means of crossing in summer, and yet notwithstanding these conditions the gentlemen at the head of the Imperial bank decided on Edmonton as the place in which to open their sixth branch west of Lake Superior. The branches previously established in the west were Winnipeg, Portage la Prairie, Brandon, Calgary and Prince Albert. All of these were well established towns, while Edmonton, although older than any of them except Winnipeg seemed to be just beyond the jumping off place and likely to stay there. Subsequent events have shown the correctness of the judgment then acted on. And no doubt the establishment of the Imperial, just at the time when very little was required to burn the axle against Edmonton, had not a little to do with firmly and finally anchoring the town.

The first establishment was modest enough. The staff comprised a manager and accountant, G. R. F. Kirkpatrick, the present manager, opened the Edmonton branch as manager, and has been manager during the whole of the successful years that have passed. W. A. Aldwell was the accountant, and will be remembered by many old timers. He remained at Edmonton for two years. The premises at first occupied were situated on Third street near the corner of Victoria Avenue. The building was frame. It had been occupied by D. R. W. as a saloon, and is now occupied as a boarding house. It is not to be supposed that the magnificent justification now existing for the establishment of the bank was at once realized. Mr. Kirkpatrick recalls one day on which the bank had not a single visitor. To-day the staff of the Imperial Bank numbers

nine and they are kept busy during banking hours and long afterwards. The list is as follows: G. R. F. Kirkpatrick, manager; H. W. Supple, accountant; G. W. Brydges, teller; A. L. Saule, discount clerk; W. M. Bennett, ledger keeper; A. Clark, collection clerk; Victor Mann, junior clerk; H. W. Heathcote, messenger. A clerk was sent to Wetaskiwin a few days ago and his place has not yet been filled.

But the growth of the business of the Imperial tells only a part of the story of the growth of the place. There are now six branches of chartered banks doing business in Edmonton employing a total staff of not less than thirty, and all of them finding more to do per man than did Messrs. Kirkpatrick and Aldwell during their first year at Edmonton. The town has grown as well as the bank, but the bank has grown as well as the town. In 1891 the Imperial had only six branches west of Lake Superior. Now it has branches in the following places: Winnipeg, Brandon, Portage la Prairie, Regina, Rosham, Regina, Alberta, Calgary, Wetaskiwin, Strathcona, Edmonton, Golden, Cranbrook, Revelstoke, Pelly, Nelson, Vancouver, and Victoria—seventeen in all.

Two years after the Imperial was established in Edmonton it was removed to the building now occupied at the corner of McDougall street and Jasper Avenue. This building and site was purchased by the bank some six years ago. Plans are now in the hands of the bank management for a new building designed to meet all requirements of architectural appearance and interior accommodation, which will be erected on the site of the present building.

It is a matter worthy of notice and reflecting credit on both the manager and the business community with whom he comes in contact, that notwithstanding the growth of business there has been no change in the management for the thirteen years the bank has been in business here. It is also worthy of note that every accountant who has been at Edmonton became a manager, with the single exception of Mr. Aldwell, whose death occurred shortly after he left Edmonton; H. W. Hearn, as manager at Brandon, J. M. Lay at Nelson, J. R. Wilson at Regina, N. McDonald at Prince Albert, A. D. McLennan at Calgary, J. H. D. Benson at Wetaskiwin, and J. M. Kaines, formerly at Strathcona, but now at head office in Toronto.

The branches of the Imperial at Strathcona and Edmonton were the natural outgrowth of the business at Edmonton, and have amply justified the wisdom of their establishment.

It is not only in the establishment of new branches that the Imperial bank shows a rapid and substantial growth. When the Edmonton branch was established the bank had a capital of \$1,500,000. Its capital is now \$3,000,000, and it has a reserve of \$2,850,000. The last half yearly dividends paid by the bank were 5 per cent. on December 1st and 5 per cent. on June 1st. After payment of the June dividend \$213,683 was transferred to rest account, \$25,000 was written off premises and furniture account, and a balance of \$140,686 was carried forward.

It is worthy of note that the general manager, D. R. W. has held that position ever since the bank was established, 29 years ago.

## Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range.

## Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place.

## And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges.

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

## EXTENSION OF JASPER AVENUE

The bylaw to be voted on by the ratepayers of Edmonton on Monday, Sept. 12th, is one of more than ordinary importance to the established business interests of the town. The bylaw is numbered 278 and is to sanction the extension of Jasper avenue east by a direct line across river lots 12 and 14 to the present easterly limit of the town, and to raise \$3,000 on a thirty years loan to purchase the right of way. It is somewhat difficult to explain the situation in connection with the purpose of this bylaw without the aid of a map. But briefly stated it is to relieve all that part of Jasper avenue from that street eastwards which includes three-fourths of the business of the town from being side-tracked in the future growth of the town.

At present all the traffic to and from the north and north-east, that is to say from the Sturgeon Settlements, Athabasca Landing, and Fort Saskatchewan reaches the town limits at the Rat creek end of Kineshine and Namayo avenues. These avenues reach Rat creek only a few yards apart and at that point Namayo is practically identical with First street. Namayo connects direct with the Sturgeon river road to the north and Kineshine with the roads to the Landing and Fort Saskatchewan. The prospective C.N.R. station is between First and second streets. It is plain, therefore, that business from the Sturgeon, Athabasca Landing or Fort Saskatchewan, which for any cause or in any amount is attracted towards the railway station will find its shortest route down First street, leaving as already pointed out, all that part of Jasper avenue, east of First street, side-tracked or pocketed. That the necessary result must be a measurable depreciation of the business value of the property on that part of the street goes without saying.

As most of the travel from the north and north-east now reaches Jasper avenue by Namayo and Fraser avenues, there may be a tendency on the part of the business public interested along Jasper from Fraser or Queens to First street to consider that as they now get the benefit of the easterly and easterly traffic, and they but only those who are further out on Jasper avenue are interested in the success of the bylaw. There could be no greater mistake. Travel at present comes around the angle made by the junction of Fraser, Namayo or Kineshine with Jasper, because there is no special attraction elsewhere. But once the railway is in operation that condition will be entirely changed, and just as the part of Jasper east from Fraser is now very considerably side-tracked, so the remainder of the street as far west as First street will be side-tracked from the north and easterly travel as soon as the railway is in operation. Because Jasper avenue ends in a pocket to the east, business towards that end necessarily shrinks rather than expands and the shrinkage will not stop until it has reached a point at which, by the junction of First street, Jasper secures the full flow of traffic both east and west.

To extend Jasper avenue across river lots 12 and 14 in line with the street as it crosses lot 10 would give connection with the street which now crosses lots 16 and 18, to a connection with the road allowance between lots 18 and 20 upon which the new fall building takes and which connects with the Ft. Saskatchewan trail by a bridge across Rat Creek.

While the extension contemplated by the bylaw would give this advantage in shortening the travel from the north-east in the business centre of the town, it would make possible a still more important extension and connection which would come under the jurisdiction of the North-West Government. That is the further extension of the road allowance eastward along the bank of the river across the jail property and the river lot adjoining to connect with the road allowance known as the Carson road to Sturgeon and the improvement of that road allowance from the river bank to the Ft. Saskatchewan trail. This would include a high level bridge across Rat Creek such as now crosses the Stoney Plain trail across the Crooked Creek west of M. Crook's.

At present Jasper Avenue to the west connects already with the road to St. Albert and Stoney Plain. It is necessary for the preservation of the business interests of the town as they now exist that as direct and convenient access should be secured by the eastern end of the chief business street to the traffic to Athabasca Landing and Fort Saskatchewan. As it will be at minimum of expense by the opening and straightening of Jasper Avenue east as contemplated by the town.

While \$3,000 is asked to purchase the property required, it is estimated that when the street is opened the property remaining in the hands of the town will be worth more than the \$3,000 now required to open the right of way.

## MACCABEE SOCIAL EVENING

The members of Edmonton Hive, Ladies of the Maccabees are inviting their friends to join them in a social dance at Sandison hall, Wednesday evening, Sept. 7th. This is in honor of the closing of the charter of the first hive of the Ladies of the Maccabees in the Northwest Territories. As a matter of history this is something to take note of, and no matter how large and prosperous and popular this hive may become the charter members will be remembered as the builders of the hive. ley is mostly cut and the farmers are busy in their oat fields. In the Hay Lake district the crops are somewhat backward owing to very late sowing. Magnificent crops are noted in the Moravian settlement southeast of Strathcona. Extensive and very heavy fields of wheat and barley were to be seen in all directions. Oats of a splendid sample and heavy yield are being rapidly cut down. Throughout the different districts visited it appeared as if two thirds of the total crop were oats.

## LABOR DAY

## CELEBRATION

Remarkably Successful Fine Weather  
and a Good Crowd

Splendid weather greeted Edmonton's Labor Day celebration yesterday. The programme of events was followed out closely, and one and all spent a most enjoyable day. The parade formed about ten o'clock on the market square. The Trades and Labor Council marched first and the union band of twenty five pieces came second.

Following the band were the Bricklayers and Masons International Union, with a representation of thirty. In connection with this was a float representing a partially built house with the men at work. Next in order came the carpenters, sixty-eight strong, with a float representing men at work at a bench. Thence came next with eighteen men present, and the Engineers Union came next with twelve men driving. The painters were next in order with fifteen men. The fire brigade came next in all their strength with the chemical engine, the hose wagons, the hook and ladder wagons and the large engine making a splendid showing. This part of the parade was well up to the standard of last year, but the citizens' and business men's floats were very few. Messrs. Dodge and Kramer, bakers; Jno. I. Mills, gents furnishings; and Pottier and McDougall's piano and furniture moving alone being represented.

After a march along Jasper and College avenues the parade proceeded to the Exhibition grounds. As it was well on towards noon only a comparatively few people followed the parade to the grounds in the morning and consequently the speeches and baseball were deferred until the afternoon. Dinner was served on the grounds. After dinner a large crowd of people gathered on the grounds the number being estimated at upwards of twelve hundred. The grand stand was well filled.

When the crowd had gathered at the grand stand a temporary platform having been erected, the President of the Trades and Labor Council briefly introduced the speaker of the day. General John McLennan. Mr. McLennan's speech though short was to the point. Any not knowing the speaker, who may have expected to hear abated extreme labor views were much disappointed. Mr. McLennan stated that capital and labor should not be and are not national enemies. He took issue with who hold socialist doctrines. Labor unions were a necessity and they should strive after just ends through legitimate channels. Mr. McLennan's remarks were received with applause.

The sports programme was then proceeded with. The winners in the different events were. The names of the owners in the case of the pony races being given.

Girls under fourteen, 50 yard dash—1. J. Stacey; 2. L. West.

A football match, carpenters vs the masons was closely contested, the carpenters winning by one to nothing.

Later in the afternoon Stathcona and Edmonton played baseball, victory resting with Edmonton after a very poor exhibition of ball by a score of 18 to 14.

The Fire Brigade Benefit Concert in Robertson's Hall in the evening drew large crowds, and the hall was filled to the doors. The Apollo Orchestra was in attendance and a very enjoyable programme of vocal and instrumental selections were rendered.

In spite of the fact that most of the best surveyed land is taken up in the Edmonton district, settlers are still coming in very large numbers, but owing to the fact that they are locating at quite a distance from the towns, their coming in is not so noticeable as in former years. One must go out in the district to appreciate this fact.

## The Society Woman

Though hurried and rushed in society's whirls,  
Her complexion is rosy and fresh as a girl's.  
Well she knows, though she dances far into the night,  
"Abbey's Salt" in the morning, will make her all right.

Society people recognize the value of ABBEY'S SALT as a health preserver and complexion beautifier. ABBEY'S SALT takes away the baneful effects of hasty, irregular eating—overcomes the ravages of late hours and bodily fatigue.

ABBEY'S SALT is a gentle, mild, yet perfect tonic laxative. It regulates the stomach and bowels—keeps the blood pure—the eyes bright—and the skin fresh and beautiful.

The Canadian Northwest  
Homestead Regulations

Any even numbered section of Do-  
minion Lands in Manitoba or the  
Northwest Territories, excepting 8  
and 16, which has not been home-  
steaded, or reserved to provide wood  
lots for settlers, or for other pur-  
poses, may be homesteaded upon by  
any person who is the sole head of a  
family, or any male over 18 years of  
age to the extent of one quarter sec-  
tion, of 160 acres more or less.

ENTRY.—Entry may be made per-  
the district in which the land to be  
taken is situated, or, if the home-  
steader desires, he may, on applica-  
tion to the Minister of the Interior,  
Ottawa, the Commissioner of Immi-  
gration, Winnipeg, or the local agent  
for the district in which the land is  
situated, receive authority for some  
one to make entry for him. A fee  
of \$10.00 is charged for a homestead  
entry.

HOMESTEAD DUTIES.—A settler  
who has been granted an entry for  
a homestead is required by the pro-  
visions of the Dominion Lands Act  
and the amendments thereto, to per-  
form the conditions connected there-  
with, under one of the following  
upon and cultivation of the land in  
each year during the term of three  
plans:

(1) At least six months' residence  
years.

(2) If the father (or mother, if the  
father is deceased) of any person who  
is eligible to make a homestead entry  
under the provisions of this Act, re-  
side upon a farm in the vicinity of  
the land entered for by such person  
as a homestead, the requirements of  
this Act may be satisfied by such  
person residing with the father or  
mother.

(3) If a settler has obtained a pat-  
ent for his homestead, or a certifi-  
cate for the issue of such patent,  
countersigned in the manner pre-  
scribed by this Act, and has obtained  
entry for a second homestead, the  
requirements of this Act as to resi-  
dence prior to obtaining patent may  
be satisfied by residence upon the  
first homestead, if the second home-  
stead is in the vicinity of the first  
homestead.

(4) If the settler has his permanent  
residence upon farming land owned  
by him in the vicinity of his home-  
stead, the requirements of this Act  
as to residence may be satisfied by  
residence upon said land.

The term "vicinity" used above is  
meant to indicate the same township  
or an adjoining or cornering town-  
ship.

A settler who avails himself of the  
provisions of Clauses 2, 3, or 4, must  
or substitute 20 head of stock, with  
cultivate 30 acres of his homestead,  
buildings for their accommodation,  
and have besides 30 acres substan-  
tiated.

Every homesteader who fails to  
comply with the requirements of the  
homestead law is liable to have his  
entry cancelled, and the land may be  
again thrown open for entry.

Application for patent should be  
made at the end of three years, be-  
fore the local agent, sub-agent, or  
Homestead Inspector. Before making  
application for patent the settler  
must give six months' notice in writ-  
ing to the Commissioner of Dominion  
Lands, at Ottawa, of his intention  
to do so.

Information.—Newly arrived Immi-  
grants will receive at the Immigra-  
tion Office, in Winnipeg, or at any  
Dominion Lands Office, in Manitoba  
or the Northwest Territories, infor-  
mation as to the lands that are open  
for entry, and from the officers in  
charge, free of expense, advice and as-  
sistance in securing land to suit them.  
Full information respecting the land,  
timber, coal and mineral laws, as well  
as respecting Dominion Lands in the  
Railway Belt in British Columbia,  
may be obtained upon application to  
the Secretary of the Department of  
the Interior, Ottawa, the Commis-  
sioner of Immigration, Winnipeg,  
Manitoba, or to any of the Dominion  
Lands Agents in Manitoba or the  
Northwest Territories.

## JAMES A. SMART,

## A PLEASANT PICNIC.

The young ladies' Bible class of the Presbyterian church had a class excursion and picnic at "The Hermitage," Canon Newton's former residence, about eight miles down the river, on Labor Day.

The bulk of the party went down the river by the Edmonton Coal Co.'s steamer and barge, the remainder preferring to go by trail via Belmont. Both parties arrived at the grove a little after twelve, where dinner was served, after which games, rifle shooting and fishing were indulged in by nearly all present. The usual big fish broke one of the lines and was mean enough to run off with the hook and float, which according to latest reports, it has failed to return. The following were present: Misses J. Walker, M. Richardson, M. Fraser, F. Sutter, M. Grant, M. P. Tracy, L. Anderson, E. Anderson, F. McCrimmon, G. Tidsbury, L. Tidsbury, R. McLaughlin, A. Crafts, M. McCauley, M. Forin, H. Walker, C. Buck, J. Potter, A. Oliver, W. Burkholder, P. MacSween, G. Carrell and A. K. Hall of the class and Misses M. Greenwood, R. Wooster, G. McLean by invitation. Mr. Reid, their teacher and Mrs. Reid accompanied the class and with the following gentlemen assisted in their entertainment, Messrs J. D. MacEdward, R. Hall and C. M. Tait. Messrs S. Whitson and E. Laidlaw were also to have accompanied them but were detained.

The class left town about 11 a. m. and did not reach Edmonton on the return trip until about 10 p. m., having spent what the young ladies declare to have been "the day of their lives."

Special thanks are tendered to Mr. Montgomery of the Coal Co. and his able assistants who contributed much to the enjoyment of the trip by their thoughtfulness and care.

The trip down the river and the return in the cool of the evening were very thoroughly enjoyed by all.

## EDMONTON WINS

## FROM RED DEER

Our Lacrosse Boys Easily put it Over the Boys in Central Alberta

Red Deer, September 6th.—The Edmonton Lacrosse team easily defeated Red Deer yesterday evening by a score of 8 to 1.

In the first quarter Thompson scored for Edmonton after nine minutes play. In the second quarter Brandt tallied another after thirteen minutes play. In the third quarter Thompson again scored after four minutes play. Maloney and Watkins each added a score in this quarter. In the fourth quarter Red Deer scored from a scuffle in front of the goal. Knott, Thompson and Watkins each tallied for Edmonton before the game was called.

Campbell of Ponoka refereed the game. The Edmonton boys are highly pleased with the way they were used while here.
